6:40 Discussion – Breakout Group Questions:

- With the knowledge that we don't have enough funding to serve all the 0-2 year olds in families under 200% of AMI, how do we assign priorities and who gets the funding?
- What are the mechanisms to be used? To what extent do we use the PFA strategies?
- If PFA was expanded what would be the priorities and how could it be expanded to meet the needs of middle income families with younger children? (Full day v part day rates? Who gets to participate and how much do they pay?)
